

Mrs. Minshall—Thomas' Star Moments

An amazing week at Sound. On Monday, I had the opportunity to work with Ruby class. I was so impressed with their behaviour and attitude towards their learning. There are some Scientists in the making! Also this week, there has been some wonderful learning going on with Black History Month. The children have been so curious to find out about key events in History.

What's coming up next week ...

We have a very exciting end to the half term. On Thursday, I am looking forward to some spooky pumpkins coming down the path... On Friday, it is our Halloween Team Day. The children have the opportunity to dress up for the day or wear orange and black.

See page 3 for some updates from the PTA.

News in brief

Parking

Please can we ensure that we utilise as many spaces as possible in the car park so that there is no overflow into Wrenbury Heath road. The staggered times are helping to aid any congestion in the car park so please keep to those times.

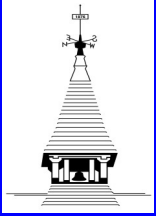

Last Property

Please can all children's school clothes and items be labelled. We have an overflowing lost property box in the school entrance.

Opal Class

On Tuesday, Opal class became hunter gatherers. We looked outside for items that would have been used in the Stone Age to make houses, weapons and tools and collected them together to look at in the classroom.

We then looked for items and materials that would not be available in the Stone Age and compared the 2 in the class room.

We came to a unanimous decision that we much prefer the items and materials used now to the items used by people in the Stone Age.
