

Maths learning – Year One

At Sound and District Primary School, we follow the White Rose Scheme for Maths learning. There are many teaching and parent resources online that you can use to support learning at home.

White Rose Maths resources

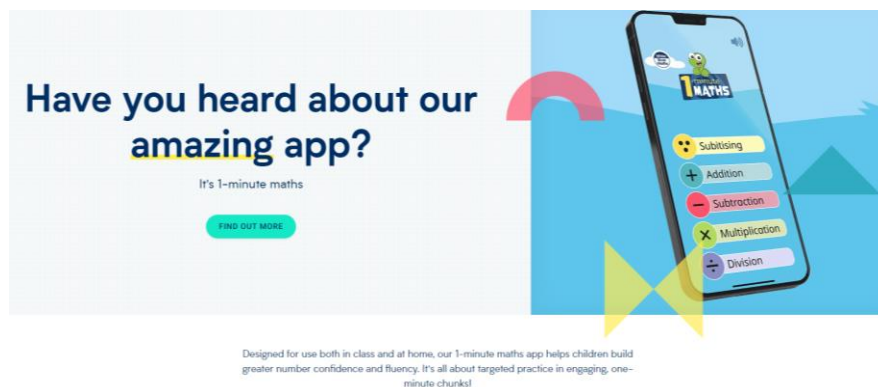

<https://whiterosemaths.com/> you can view the website and resources available to support learning.

The 'Parents and Pupils' section is really useful. The 'home learning' section contains videos linked to objectives covered. Ensure the correct year group is selected and the current term we are in and select some videos to recap learning! These videos offer some great learning opportunities.

1 Minute Maths

White Rose have an app called '1 Minute Maths' which you are welcome to download and use with your child each day.

As always, please get in touch with any queries or questions. We would love to hear how your child gets on with using the White Rose resources at home!
