

SOUND & DISTRICT PRIMARY SCHOOL

Whole School PSHE & RSE Progression Map,
Substantive Knowledge & Disciplinary Concepts
2024-25

Who is this document for?

This progression has been made to help both class teachers and the PSHE subject lead. For class teachers this progression document allows teachers to clearly see what has already been covered in the previous year, the areas which are to be covered in the current year but also where learning continues into the next year. This progression document allows us to see how topics are developed over time.

It also allows the PSHE subject lead to know when topics are being taught and which resources may be needed across the school at a particular time.

PHSE and RSE at Sound School

Sound School has invested in a scheme Kapow which provides, Planning, Assessment and CPD Opportunities. Planning is clearly differentiated and progressive throughout the year groups. Teachers are encouraged to use the programme and tweak lessons/resources to suit the needs of the children in their classes.

The scheme of work at Sound and District covers both Relationships and Sex Education (RSE) and PSHE which cover all the statutory content. In each year and key stage, lessons are divided into three areas:

Families and Relationships

Health and Wellbeing

Safety and the Changing Body

The statutory parts of the Sex Education are discretely taught in year groups (Y3/4/5 will be split).

Termly quizzes test children's knowledge and should be carried out during assessment week at the end of each term. These assessments can be found on the portal with step-by-step instructions and videos. Teachers should use this information to inform future planning.

How else is PHSE and RSE covered at Sound?

The topics mentioned in the schemes of work are also covered in regular assemblies, themed days & weeks, team days. For example, we have themed days/weeks such as Mental Health Week, World Day for Cultural Diversity, International day of Democracy.

In the last term, staff use the schemes of work available for the whole school transition week. This supports children as they prepare for the next stage in their educational journey.

British Values is also built into our planning in assemblies and classes and is revisited throughout the year.

How does Safeguarding form part of PSHE?

Safeguarding is given the upmost importance in school, and it is a golden thread throughout the PHSE and RSE curriculum.

The schemes of work, knowledge and skills **highlight** key areas which help keep our children safe in school and in the wider community.

RSE & PSHE in EYFS: Reception

Personal, social and emotional development is one of the three Prime Areas in the [Statutory framework for the early years foundation stage](#). The prime areas, **Communication and language**, **Physical development and Personal, social and emotional development**, lay the foundations for children to achieve in all areas of learning and life.

The early learning goals (ELG) below summarise the knowledge, skills and understanding that all young children should have gained by the end of the reception year in the Personal, social and emotional development prime area and are referenced in our Kapow Primary RSE & PSHE lesson plans, along with the relevant non-statutory [Development Matters](#) guidance. We have organised our EYFS: Reception content under the most relevant early learning goal, however please be aware that these areas are interrelated.

Overview & breakdown of lessons (by year group)

EYFS: Reception

Self-regulation: My feelings

Learning to explore and understand their feelings, identify when they may be feeling something, and begin learning how to communicate and cope with their feelings and emotions.

Building relationships: Special relationships

Exploring why families and special people are valuable, understanding why it is important to share and developing strategies to help with this, seeing themselves as valuable individuals and exploring diversity by recognising similarities and differences.

Managing self: Taking on challenges

Considering why we have rules and the importance of persistence and perseverance in the face of challenges, learning how to communicate effectively with others, practicing 'grounding' coping strategies.

Self-regulation: Listening and following instructions

Listening to stories to practise their comprehension skills, playing games which require them to listen carefully to instructions to succeed, considering how rumours can spread quickly and change as they do so.

Building relationships: My family and friends

Exploring cultural festivals that are important to individuals, reinforcing the importance of sharing and turn taking through role-play, considering the ingredients for a good friend, exploring how kind words make others feel good, recognising the value in working together as a team.

Managing self: My wellbeing

Learning why exercise is important for our physical and mental health, considering the effect of different types of exercise on the body, discussing some of the ways in which we can take care of ourselves, learning how to travel safely as a pedestrian, considering the importance of making balanced food choices.
